*Palaeogeography, Palaeoclimatology, Palaeoecology*, 100 (1993) 343–396
Elsevier Science Publishers B.V., Amsterdam

# Author Index Volumes 51–100

This Author Index is a cumulative list of all Author's names with titles of their papers including (book)reviews, prefaces/introductions to special issues, etc., which were published in Volumes 51–100 of *Palaeogeography, Palaeoclimatology, Palaeoecology* and *Global and Planetary Change*. The first figure in the last column is the volume number(issue number) and the last figure indicates the page number(s). The complete title of a paper is only listed with the name of the first Author.
